

The NVC Dance Floors

User Licence with printable PDF files

Our User Licence system works on the basis of trust. It is intended to enable a wide sharing of the Dance Floors, and to bring us the resources we need to maintain this service. Please support us by purchasing the correct licence.

What you buy

You purchase a 'User Licence' which defines the maximum number of copies of each Dance you can print and the purpose of your use.

User Licence	Number of copies you can print - and where you will use them
Licence 1: Personal user	Print 1 of each Dance - for own use at home
Licence 2: Practice group user	Print 3 of each Dance - for use in a practice group
Licence 3: Professional user	Print 7 of each Dance - for use with clients or in your workshops

What you receive

You download the PDF files for all the Dance Floors and the Support Materials, in the language of your choice.

Note: The Facilitator's Handbook (available in several languages including English, French, German, Mandarin) is a separate item, and is not included in the User Licence.

Colour-coded cards

The Dance Floor cards are colour-coded, and we ask you to use our colour-coding, for consistency and clarity. The files are set up to print text in black ink onto coloured card. You can buy coloured card in a local shop, or print colour onto white card (using a file included in your download) to make your own coloured card.

Here is a link to a 'card-calculator' that enables you to find out the number of sheets of each colour that you will need, for printing any combination of dances.

Discount

If you, or people you know, do not have the financial resources to buy Dance Floors at our prices, please contact us to enquire about discounts.

admin@life-resources-shop.com

Printing more than the maximum limit of your licence

If you use up your quota and want to print more copies, please purchase a new licence.

Printed Dance Floor Sets - for clarity

The User Licence is only necessary if you want to buy our printable PDF files. Our printed products do not require you to have a User Licence. If you want to buy the Dance Floors as premium quality hard copy printed items, please visit:
